CONFIRMATION OF STUDIES

It is hereby confirmed that Mr. PANAGIOTIS GKILIS (Reg. No. 36301) is enrolled on the Undergraduate Programme of Studies in *Natural Sciences* of the School of Science and Technology, at the Hellenic Open University. The year of admission was 2005.

Upon the successful completion of the programme students are awarded with a Bachelor's Degree (first cycle).

During the academic year 2005-2006, he successfully completed the following Module:

1. *FYE12 General and Inorganic Chemistry*
ECTS credits: 20

During the academic year 2006-2007, he successfully completed the following Modules:

2. *FYE10 Mathematics I*
ECTS credits: 20
3. *FYE14 Introduction to Natural Sciences*
ECTS credits: 20

During the academic year 2007-2008, he successfully completed the following Modules:

4. *FYE22 Physical Chemistry*
ECTS credits: 20
5. *FYE24 Physics I: classical mechanics, electromagnetics, thermodynamics*
ECTS credits: 20

During the academic year 2009-2010, he successfully completed the following Modules:

6. *FYE20 Mathematics II*
ECTS credits: 20
7. *FYE30 Organic Chemistry*
ECTS credits: 20

During the academic year 2011-2012, he successfully completed the following Modules:

8. *EKP63 Science Education*
ECTS credits: 22
9. *FYE31 Cell Structure and Function*
ECTS credits: 20

During the academic year 2013-2014, he successfully completed the following Module:

- 10. *FYE43 Genetics*
ECTS credits: 20

During the academic year 2014-2015, he successfully completed the following Module:

- 11. *FYE34 Physics II*
ECTS credits: 20

During the academic year 2007-2008, he successfully completed the following Laboratory Courses:

- 1. *FYEFI Physics Laboratory Course I*
- 2. *FYEXI Chemistry Laboratory Course I*

During the academic year 2009-2010, he successfully completed the following Laboratory Course:

- 3. *FYEXII Chemistry Laboratory Course II*

During the academic year 2010-2011, he successfully completed the following Laboratory Course:

- 4. *FYEBI Biology Laboratory Course I*

During the academic year 2015-2016, he successfully completed the following Laboratory Courses:

- 5. *FYEBII Biology Laboratory Course II*
- 6. *FYEFII Physics Laboratory Course II*

In order to be awarded with a Bachelor's Degree, students must successfully complete 12 modules and 3 Laboratory Courses (240 ECTS in total), according to the Course Structure.

Minimum duration of studies is 4 years.

This certificate has been issued at the request of the student for every legal purpose.

Kyriakos Petropoulos

Deputy Head of the Registry Department
